Meet your housemates

We're two laid-back guys in our late 20s who enjoy the simple things in life: a good book, spending time with furry friends, taking scenic walks, and jamming out to our favorite tunes.

We're searching for a housemate who shares our interests and is comfortable sharing supports.

About the house

Recently renovated, this spacious house awaits its newest housemate. Step inside and discover a layout designed for ultimate comfort and privacy, with each housemate enjoying their own dedicated living/breakout area.

Nestled on a tranquil, tree-lined court, the property backs onto a park, with direct access from the backyard.

Ducted air conditioning and floating timber floors create an inviting ambiance throughout.

The flat and level design also ensures easy accessibility, promoting independence for everyone.

Registered NDIS Provider

With robust quality and safeguarding systems, as well as mandatory training and screening requirements for all our staff, you can trust us to deliver a dependable support.

Strong & Rich History

With 35 years' experience providing supported independent living, you can depend on us.

Live in a house that feels like a home

You will really feel at home in our family-style houses. It is yours after all and you will be encouraged to make it your own.

Person-Centred Active Support

Our support is all about doing *with* our clients, not *for* and we were pioneers of 'active support' and 'person-centred planning' in South Australia.

Join Our Community

As our client you gain access to a range of exclusive events at no extra cost. From social gatherings to the annual Lighthouse Disability bowling championship, we offer fun activities to connect you with your community.

What is Supported Independent Living?

Supported Independent Living (or SIL) is an NDIS support where you live individually in a house or with other people in a share house. Depending on your support needs, we have support workers available 24 hours, 7 days a week.

We will support you with daily tasks like cooking, personal care, household chores, going to appointments and taking medication. As a provider of community participation, we can also support you to engage activities, events, groups, and services within your local community.
