

# Support you can depend on in Hectorville

 4  2  1:2 or 1:3  Basic (preferred)

## Meet your housemates

We are a friendly and active trio of two males and one female in our 50s, seeking to welcome a new housemate into our home.

We enjoy an active lifestyle that combines the best of indoor and outdoor living. Whether it's exploring local trails, attending community events, or simply enjoying each other's company with great music.

We are looking for either male or female housemates who share similar interests.

## About the house

The fully equipped kitchen invites you to whip up your favourite meals, while the light-filled lounge room is ideal for relaxing alone or with your new housemates. When friends and

family visit, the dedicated entertaining area provides the perfect space to host.

Imagine yourself settling into a spacious, vacant bedroom at the front of the house – picture the sunlight and views of the well-maintained front yard, plus the convenience of a built-in wardrobe for all your belongings.

For a full profile of the house visit [ld.org.au/hectorville](http://ld.org.au/hectorville)

## Come home to SIL you can depend on

### Skilled & Experienced Support Workers

All our support workers are well trained, passionate and experienced to support people with a range of disabilities, meaning you will receive reliable support.

### Registered NDIS Provider

With robust quality and safeguarding systems, as well as mandatory training and screening requirements for all our staff, you can trust us to deliver a dependable support.

### Strong & Rich History

With 35 years' experience providing supported independent living, you can depend on us.

### Live in a house that feels like a home

You will really feel at home in our family-style houses. It is yours after all and you will be encouraged to make it your own.

### Person-Centred Active Support

Our support is all about doing *with* our clients, not *for* and we were pioneers of 'active support' and 'person-centred planning' in South Australia.

### Join Our Community

As our client you gain access to a range of exclusive events at no extra cost. From social gatherings to the annual Lighthouse Disability bowling championship, we offer fun activities to connect you with your community.

## What is Supported Independent Living?

Supported Independent Living (or SIL) is an NDIS support where you live individually in a house or with other people in a share house. Depending on your support needs, we have support workers available 24 hours, 7 days a week.

We will support you with daily tasks like cooking, personal care, household chores, going to appointments and taking medication. As a provider of community participation, we can also support you to engage activities, events, groups, and services within your local community.
